HARBOR HIGH SCHOOL

ASHTABULA, OHIO

SENIORS OF 1953 -

You are approaching the climax of your secondary school career! You have looked forward to Commencement for at least six years.

As it dawns upon you that this is the end - Commencement - you will have mingled feelings of joy and regret. Joy that you have succeeded, regret that you must part with so many friends; that you must enter a new environment of life.

Graduation is not the end of study, it is really the beginning. Now you must not only study books, but you must introspect yourself. Now you must find your interests and abilities. Now you must decide what you wish to do, continue your education or start in some life occupation.

Your success in life will continue to be based on the kind of report you receive. On the Report Card of Life you will be graded on your ability to think analytically and critically. Thinkers always plan the world's work. They chart the direction of progress or the woes of all generations. Analytical thinkers are willing to work hard themselves and they require others to do the same.

You must develop attractive personality traits, those which are dependable and regular if you are to have the ability to inspire confidence in others. Only to the degree that you can gain the confidence of your fellow-man will you succeed in gaining worthy recognition for yourself.

As you enter this new realm of life, you will find a very competitive world. Others will be trying to gain from life the things you value most. You will find that you must be tolerant to the hostile action of groups who seek to use ruthless methods to achieve their ends.

A most commendable trait that any human being can possess is the courage of conviction. We must not be so straitlaced in our thinking that we cannot think and act with others - to do this, we lose our influence. We must not be so compromising that we lack moral principles - to do this will take away all our purpose for living and render us useless to ourselves and those who need us.

Good social tact and finesse will greatly aid you, even when you are in the minority.

Finally, on the Report Card of Life you will be graded according to your faith - faith in things - faith in people. This faith will express itself in your ability to resist fear.

Companionship with others in the experiences of religious living will always bring you to the realization that the great achievements of this world exemplify the Golden Rule.

We think you have made your contribution to the heritage of good education in our schools. As you leave us, we will miss you. We hope that we who remain are better because of our associations with you.

The faculty, Board of Education, and I hope that you experience the joys of a great Commencement. We wish you Godspeed as you leave us.

"HARBOR HYMN"

Beside Lake Erie's water blue
Stands dear old Harbor High:
Her friendliness, her spirit true,
Her fame will never die.

Harbor, dear Harbor High,
Thy name we love!
Send forth thy guiding light
Reflected from above.
Purple and gold shall be
Colors of royalty.
We pledge our loyalty,
Harbor, to thee!

Who has been our friend as well as our teacher throughout our high school education?

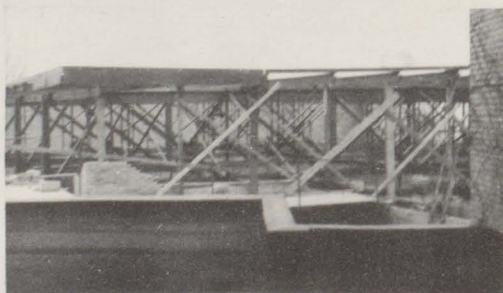

Who has given us strict, but not undeserved discipline?

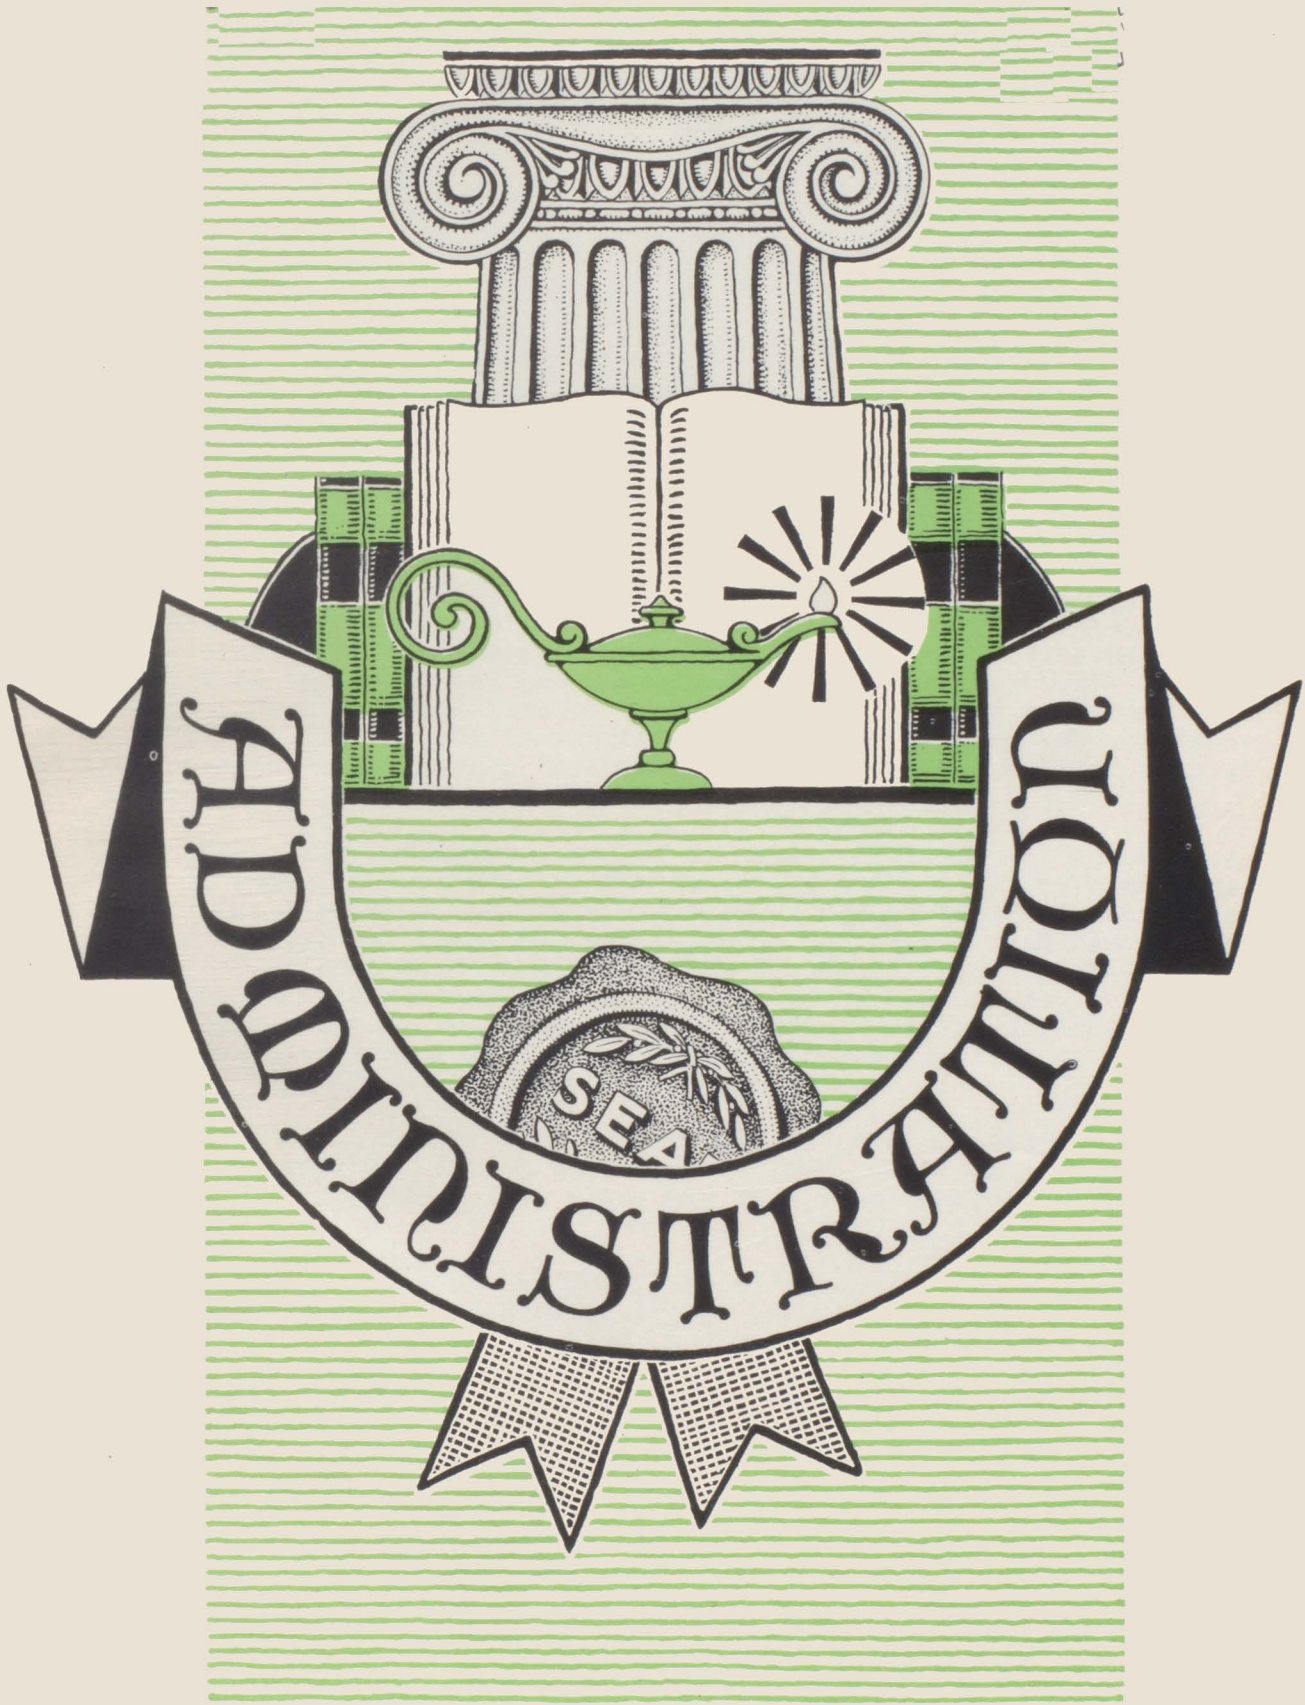

His office will always be remembered by us as a room in which he gave generously of his time to anyone who sought his sound advice and counsel.

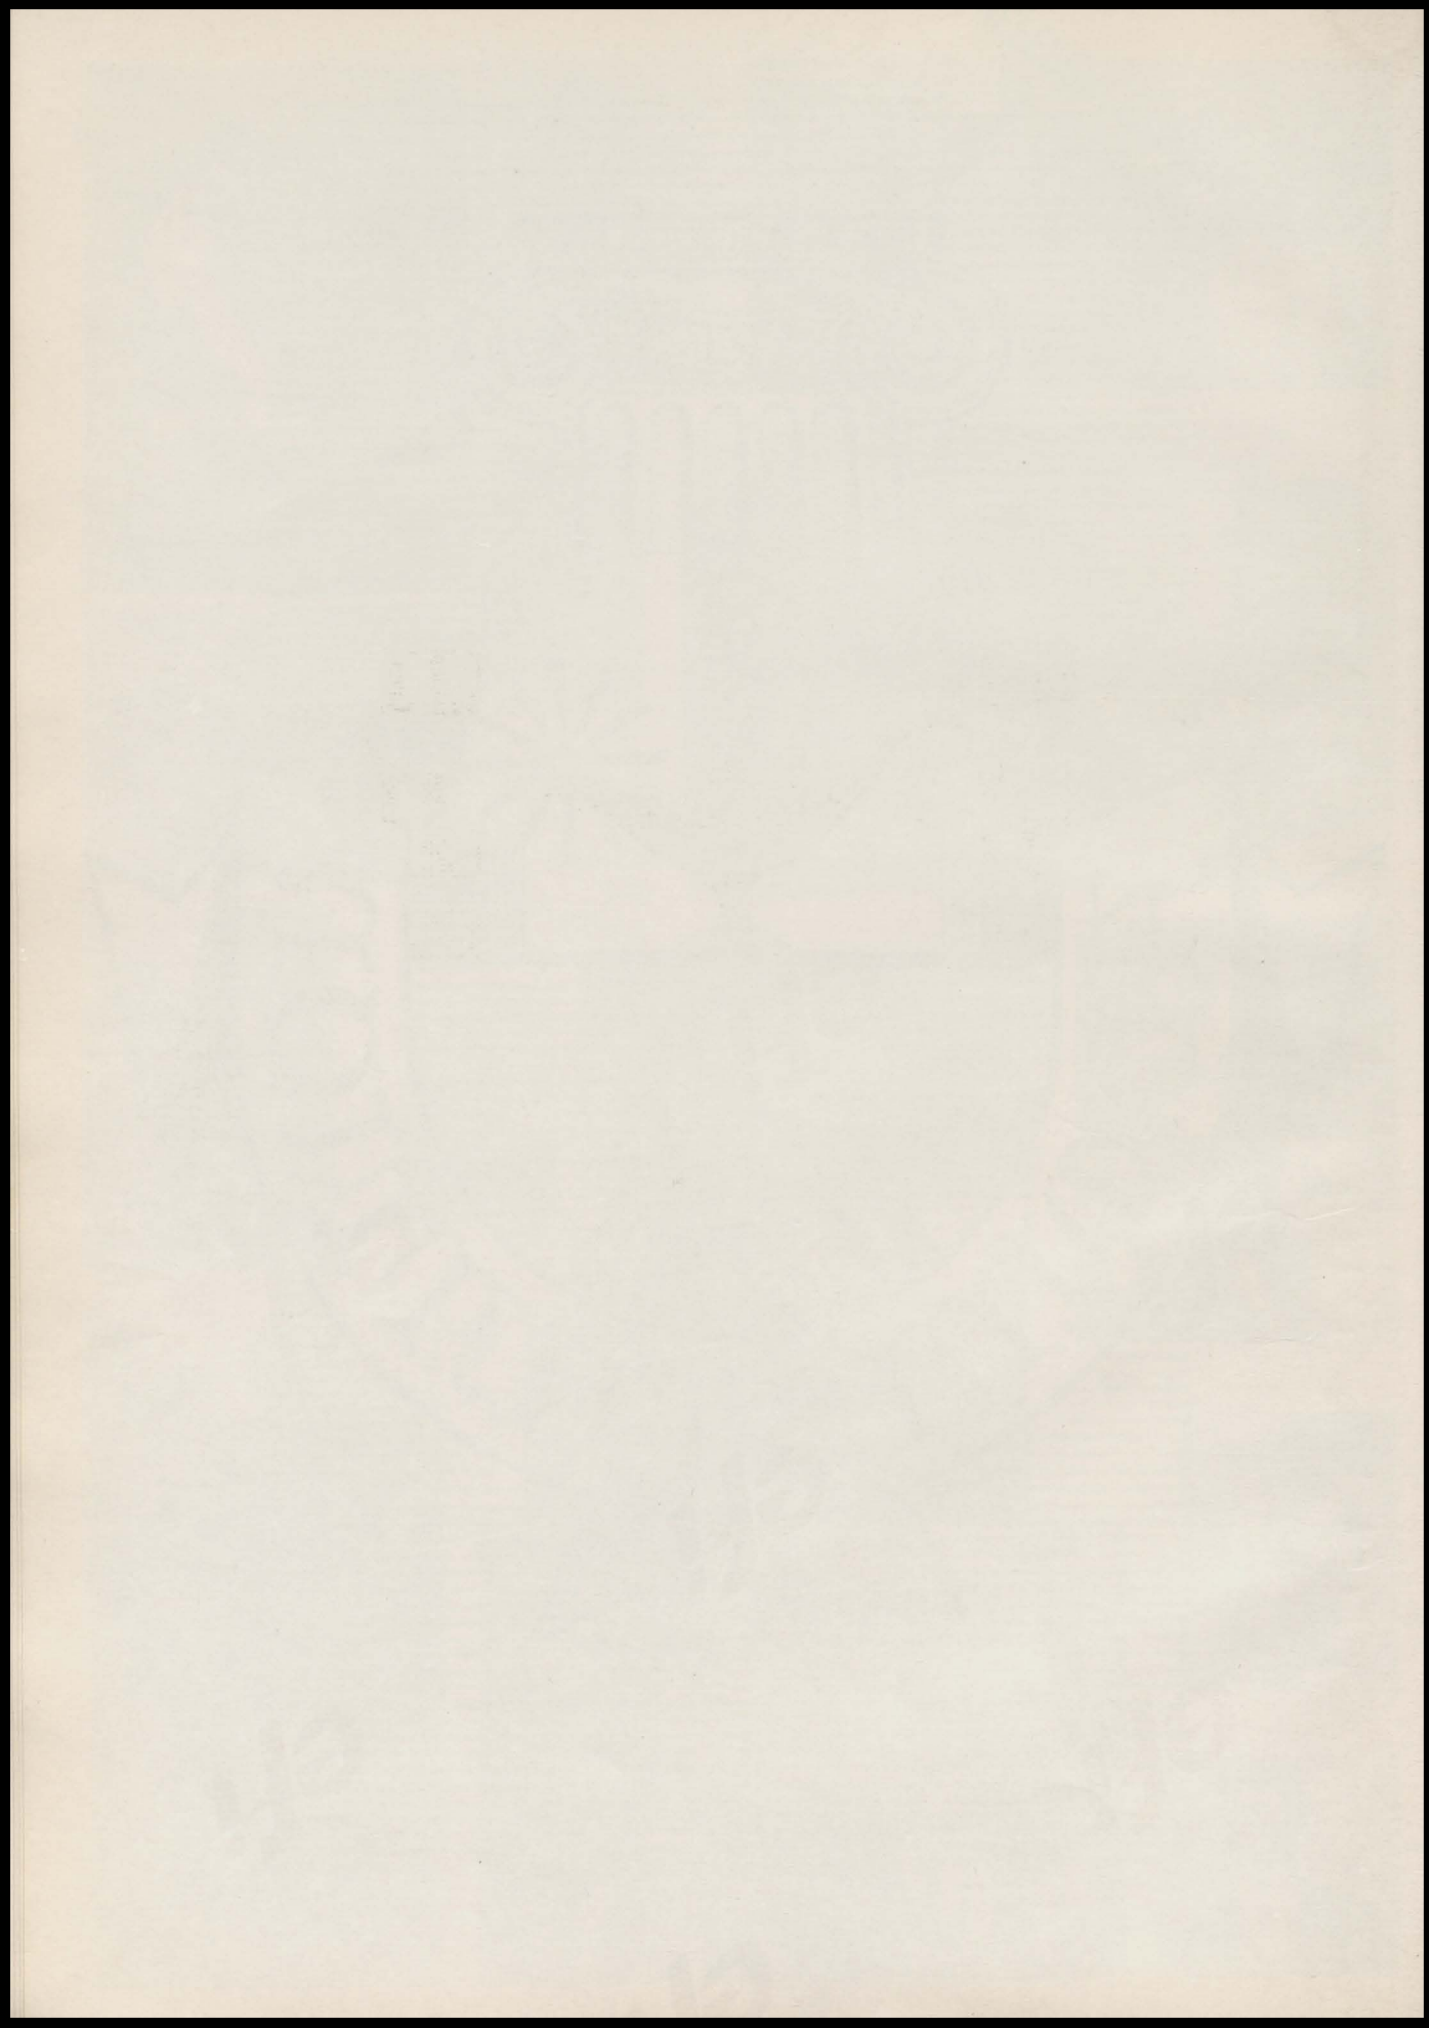

Above all, who has the respect and admiration of the entire student body?

Of course we mean

Class History

Just a moment-----the old crystal ball is nearly all shined up in preparation for its annual delving into the past.

There! It's beginning to clear and as the mist fades away, we can visualize a typical September day back in 1939 when fourteen of the present seniors, wide-eyed with anticipation of their first contact with education, entered Miss Tilton's kindergarten class at the Washington Building. Although a little frightened at first, Shirley Norris, Pamela Bush, Clyde Aickin, Gloria Hershberg, Carol Lackson, Carl Lackson, Ward Johnson, Jane Braski, Norma Krans, Dick Sievinen, Carole Rennick, Rosemary Kondas, Martha Ellen Johnson, and David Depue soon were right at home with the rabbits, white mice, Ramsey the turtle, the trapeze, the naps, and-----the other children.

The days passed quickly and soon we were big first graders and Perry Johnson, Ronnie Jarvela, and Herman Ritonen had joined the Class of '53. Those were the days when we began to learn to read, looked forward to the much longed for quarter-holidays and cavorted on the stage in the operetta "Spring Glow" as Merry Bees and Little Rain Drops.

Kathleen Butler was the "new girl" in second grade and she was just in time to play first triangle in the circus band for "The Spring Circus".

Before we knew it, we were third-graders and Lola Backlund and Charles Yocum had joined the ranks. Ah, yes, 1943. It was just a decade ago that we worked long and hard on a life-size paper mache polar bear under the able supervision of Miss Edna Johnson. Clyde Aickin and David Depue were fishermen in the operetta "Seasons of Happiness," and the current rage was to be a member of a Play Mate Club.

Fourth grade passed quickly and we were fifth graders before we knew it. The new additions were Louise Michelson, Harry Green, Linda Doxsie, and Loretta Eyajan, who fascinated all the boys with her long, dark curls.

At last our great moment arrived and we became sixth graders. The long awaited for privileges of singing "Silent Night" at the Christmas program and doing the Maypole dance on May Day were ours. Lois Matha and Duke Gregory increased our class by two. Martha Ellen Johnson and Pamela Bush portrayed Wimble and Nimble in "The Magic Christmas Bell" and Harry Green gave his rendition of "White Christmas".

After bidding grade school adieu, we stood on the threshold of our first year of junior high. Betsy Lehtinen, Dick Farrar, and Dick Eskelin were the "new kids" this year. Seventh grade-----first open house, new clubs to join and Dr. Wenner's immortal "Ole Sjarson" were the highlights.

Bonnie Lesperance and Paul Carlo became Harborites in eighth grade. This was the year that we dutifully studied pictures of Mrs. Casbourne's chickens set up around the blackboard and heckled "those little seventh graders."

1949 came and the title of "freshmen" was bestowed upon us. Nedra Lanham, Tom White, Rosemary Kondas, Tom Hassett and David Heino were the newcomers.

Now we were in high school! Marilyn Louys, Roberta Hall, and Fred Walsh came from near and far to become part of the class of '53. We had really "arrived!" Besides being allowed to sit in the balcony during assembly, we also had our first class play and cheered on our classmates who were playing for the first time in high school sports.

Before we knew it, we, the juniors, were in rehearsal for our class play "Room For One More" with Marilyn Louys playing the lead. Jerry Rossum joined the class and we were continually busy with such things as the Carnival and the Junior-Senior Prom. An especially "cherished" experience was the annual Pilot Club initiation.

Seniors! The great day has come. Now, as we leave these hallowed halls, we will brush a tear from the corner of our eyes as we recall memories both happy and sad. May the years to come be as pleasant as those we have passed and may the friends made here never be forgotten.

Class Prophecy

We, the Class of 1954, do this day take pen and ink in hand and prophesy what will become of our schoolmates, the Class of 1953, within the ensuing ten years.

In the year 1963 we expect to see the following:

Clyde Aickin is now a famous women's hair stylist. He specializes in redheads.

Gloria Hershberg and Paul Carlo are now great inventors. Their most recent invention is a baby crib that will automatically feed, rock and burp little babies.

An original book has just been published entitled Me, Myself and I, the Conqueror. It was written, edited and published by the one and only Duke Gregory.

Martha Ellen Johnson, now an accomplished nightclub singer, is appearing nightly in the Harbor Hotel, "the hotel with a background."

Bonnie Lesperance has recently graduated from the Ohio State School of Dentistry. She has taken on a very useful assistant, Harry "Chlorophyll" Green. Besides being a dentist, Bonnie has three toothy children. "Chlorophyll" Green is granted permission to care for Wisdom, Eye and Molar during Bonnie's office hours.

Rosemary Kondas has finally invented a way to make cows contented in 3 easy lessons.

Tom Hassett joined the Navy, but it was soon found out that his talents lay elsewhere. He was transferred to the Waves and now is doing a fine job as Inspection Officer.

David Depue, a distinguished scientist, is now gaining great fame in Africa as the inventor of a sleeping pill that is guaranteed to put asleep everything but plants.

A prominent citizen of the U.S. is Miss Nedra Lanham. When last heard from, Nedra was campaigning enthusiastically for Gerald Rossum, who is the presidential candidate on the Prohibitionist ticket. If and when Jerry wins, we shall no longer have intoxicating beverages pouring from our public coke machines.

The new Mrs. America of 1963 is our own Louise Michelson. A very striking photo of her appeared in "Life" which pictured Lulu perched on a washing machine singing "The Wash Wash Blues."

Carole Rennick may be found in a hot spot downtown playing trumpet for Perry Johnson's trio which also features Fred Walsh on the wash tubs. This trio travels under the professional name of the Hook, Line and Sinker Trio.

Ward Johnson is now known as the great Johnsonowski and is directing his own symphony orchestra in Carnegie Hall. Just think, all of this dates back to the days when Ward was captain of our own Harbor Band!

Now on display every Wednesday night on TV are the talents of Marilyn Sorice. Marilyn is a professional tumbler and believe me, she really can tumble.

Tom White has won his fame as a sports writer. His yearly articles appear in the Jefferson Gazette under the heading "We Know It All, So Shut Up."

Dick Farrar, now a teacher at Harbor, has taken the place of dear Mr. Edmunds and is following close in his footsteps. Another member of the faculty, Dick Sievinen, is teaching drivers' training. Dick likes his job, but is having a rough time with these new jet propelled cars.

One of our most unusual cases is that of Charles Yocum. "Chuck" is currently dancing the lead in the ballet "The Dying Swan" at the Harbor Palace.

David Heino has made a name for himself as a television actor. Dave is featured as the "Bad Man" on the local station, O.I.C.U.

Dick Eskelin is still waiting for his lady fair. Five years ago she joined the Wacs and Dick promised to wait for her. He's still waiting.

Lola Backlund has won nationwide renown as a soapbox derby racer. And to think that she builds all her racers with her own two hands.

Carol Lackson is teaching dancing to children under three years of age. She is doing a fine job.

(Class Prophecy con't)

The Dean at Gannon College for boys in Eire is Roberta Hall. She also teaches a few courses not listed in the curriculum.

Have you ever heard the advertisement for Rival Dog Food? Norma Krans makes good use of her talents by supplying the "woof, woof" for the commercial.

Herman Ritonen has developed a fine style and has become a great singer. If you can remember the Johnny Ray we had back in 1953, you have a good idea of what Herman sounds like.

A new sextet is to replace Martha Ellen at the Harbor Hotel next week. It consists of Lois Matha, Loretta Eyajan, Linda Doxsie, Kathleen Butler, Pamela Bush, and Jane Braski. These girls form the only sextet in the world that when singing sounds like an orchestra, choir and trombone all at one time.

Carl Lackson is playing short stop for the Cleveland Indians. You probably haven't heard much about him, but give him time.

Another author in our midst is Ronald Jarvela. Ronnie recently wrote a book based on how to keep young wives happy and contented.

Marilyn Louys is head football coach at Ashtabula High. We don't consider Marilyn a traitor because during the four years that Marilyn has been coaching, Harbor has beaten Bula by horrible scores.

Head tester in the local pickle factory is Shirley Norris. Shirley is making rapid advancements for her fine work in counting warts. She always lives up to the factory motto, "Never less than 16 warts to a pickle."

Betsy Lehtinen is still trying to graduate after nearing the end of her tenth year as a Senior. Believe it or not, she only needs 67 more points. More power to you, Betsy!

So ends our prophecy and with our blessings and good wishes, we, the future seniors of Harbor High, bid you adieu.

The Class of 1954
(Millie Saverice)

Band

During the past year the Concert and Marching Band of Harbor High School has striven toward one main goal---the three day tour to Erie, Buffalo, Niagara Falls, Hamilton, and Toronto, Ontario. The talents of the 75 band members have been put to very good use as is evident by their many appearances, such as: the North End Street Fair, their great variety of well presented halftime shows on the football field, a hard worked for and satisfying Winter Concert, a comedy skit "Hey Pedro" presented as one of the acts in the Variety Show, a twin band festival with the Jefferson Band(both bands are under the direction of Mr. Frederick Walker), a concert for the N.E.O.T.A. at Edgewood Auditorium. and finally climaxed by the band tour April 23, 24, and 25.

"Music--Musicianship--Sincere Expression--Art Form--These Are Our Goals" is the motto of the Harbor Band and we think that they have more than lived up to it in the 1952-53 school year.

Coach Robert Sonnhalter ended his first year as head coach with a record of 2-7. Coach Sonnhalter came to Harbor from North Canton High School.

"Sonny", as he is called on the football field, graduated from North Canton High School in 1944. He was drafted into the Navy and spent two years with Uncle Sam. After being released from the Navy, "Sonny" enrolled at Kent State University at which he received degrees in history, health, and physical education. He pledged to the Sigma Nu Fraternity. After graduation, he was employed at North Canton High School as head football coach, where he coached for one year. Coming to Harbor this year, he said, quote, "I try to rebuild the team mentally and physically, so they to be able to go into the 1953 season winning a greater per centage of their games," unquote.

Coach Soltys had full charge of the line where he taught them some of the tricks of playing ball from his former experiences with the Semi-Pro Detroit Tars. Coach Soltys also has a wide background of football. He joined the squad in his freshman year. He was too small, but he stayed with the team the entire season. He went back the next year, received a letter, and went right on receiving them. Coach Soltys has three years of college ball behind him. He graduated from Alliance College as a mathematician. After being out for a while, he decided to go to Edinborough State Teachers College. He came to Harbor after receiving his education degree.

Clyde Aickin was Harbor's football captain in the 1952 season. Clyde played 4 years of 1st string football with the team, receiving a letter each year. He received honorable mention for the All Ohio team in the First and Ten magazine for his ability in playing the game as well as for his good spirit which helped the morale of the team. Clyde plans on attending Syracuse University next year where he will continue his football career.

FOOTBALL SUMMARY

Harbor opened their season at Wenner Field with a 14-0 victory over the Edgewood Bulldogs. The Seamen made all their points in the first half, being unable to gain any ground the second half.

The following week the Mariners traveled to Conneaut to bring home a 25-6 loss. Harbor's big headache during the game was Conneaut's Cowboy Synder, who broke loose with long runs to score two touchdowns against us.

The Seamen then traveled to Jefferson to avenge their loss to Conneaut. The Mariners came out victorious with a 20-6 win over the Jefferson Falcons.

The following week the Seamen took to the road again, this time traveling to Cleveland to bump helmets with Dover St. Joseph. The Seamen started the game driving hard but soon ran out of gas and let the Dover boys run over them with a 32-0 victory.

Harbor took to the road for the fourth consecutive week this time pulling in at Painesville Riverside only to pull out with a 24-6 loss.

The Mariners tried for the first time an all out air attack, but things didn't seem to click for the helpless Sailors.

The Seamen traveled on to Geneva the following week with injuries holding back Paul Carlo, Ronnie Jarvela, Duke Gregory, and Ray Petros, who all happened to be starters. Consequently, the Mariners brought home a 49-0 loss.

Playing their first game at Wenner Field in five weeks, Harbor played host to Perry, but their home field didn't seem to bring any luck to the faulting Sailors who took a 32-14 defeat.

Harbor, again hitting the road after their home defeat, pulled into Mentor with high spirits, but they didn't seem to help so Harbor brought home a 47-12 loss.

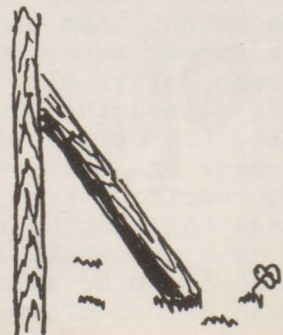

Harbor came home to close the 1952 football season, this time playing host to the Fairport Skippers. The Seamen had their worst defeat all season, losing 52-0.

The season wasn't successful on the average, but we all give thanks and appreciation to Coach Bob Sonnhalter and his assistant Norb Soltys for their wonderful work.

Coach Elmer Gray came to the Harbor High School in 1945 to take over the coaching of the basketball team. He graduated from Mount Union College and taught at Park Junior High for six years and at West Junior High for one year. During his years at Harbor he has done a fine job with the team and especially this last season when our team was probably one of the best that there has been at Harbor for a long time. Hats off to our coach, Elmer Gray!
